Professional Summary

Fourth-year Computer Technology student and TESDA NC II holder in Computer Systems Servicing, with hands-on experience building database-driven web applications in PHP and MySQL, plus a foundation in networking, troubleshooting, and hardware. Seeking an OJT placement in IT support, web development, or networking to apply my skills and grow in a professional team.

Projects

WBGRS – College Grade Management System | PHP, MySQL, JavaScript, Firebase Authentication, Cloudflare Turnstile

- Built a role-based system for student, faculty, course-in-charge, and registrar accounts
- Implemented Excel grade import with a review, approval, and publishing workflow and immutable upload history
- Integrated Firebase email/Google login and Cloudflare Turnstile bot protection

MIMS – Inventory and Borrowing Management System | PHP, MySQL, JavaScript, HTML, CSS

- Developed modules for inventory, borrowing, and transaction tracking with user and profile management
- Added an administrative dashboard with reports and notifications

TCC Clinic – Website and Desktop App | PHP, MySQL, JavaScript, Tauri 2 (Rust) | Live site

- Developed and deployed a school clinic website with custom branding, hosted on InfinityFree
- Packaged the site as an installable Windows desktop application using Tauri 2 and WebView2

MindConnectTCC – Mental Health and Counseling Support Platform | PHP, MySQL, JavaScript, HTML, CSS

- Created a platform for counseling appointment scheduling, mental health articles, self-care resources, and a helpline directory
- Implemented user authentication, anonymous advice and community support, and an admin management panel

Technical Skills

- **Web Development:** HTML5, CSS3, JavaScript, PHP, MySQL/MariaDB, Bootstrap 5, Responsive Design, Firebase Authentication
- **Computer Systems:** Hardware Assembly, Troubleshooting, OS Installation, Maintenance
- **Networking:** Network Configuration, IP Addressing, DHCP, VLAN, Troubleshooting
- **Tools and Platforms:** VS Code, XAMPP, Git, GitHub, Windows, Linux Mint
- **Other:** Java (Swing), Tauri 2
